WCTR 2010- 12th World Conference on Transport Research
Registration: 31 May 2010
Date: 11-15 July 2010, Lisbon, Portugal

The 12th WCTR conference will be hosted by Instituto Superior Técnico (IST), a prestigious school of Engineering, Science and Technology. The objective of the WCTRS (World Conference on Transport Research Society) is to provide a forum for the interchange of ideas among transportation researchers, managers, policy makers, and educators from all over the world, from a perspective which is multi-modal, multi-disciplinary, and multi-sectoral. The Society has become a primary forum for such international exchanges in transportation; the World Conferences are the place where leading transportation professionals from all countries convene to learn from one another.

The conference facilities are located by the Tagus River, near one of the best known monuments of Lisbon, the Belém Tower, and a few minutes away from the city centre, in an area served by several modes of transportation. With functional buildings holding up to 4,000 people in diversified configurations, with sophisticated technical equipment for projection, sound and lighting systems.
